Mr. Michael Esposito  
Audio-Tex Industries, Incorporated  
4555 West Addison Street  
Chicago, Illinois 60641

Dear Mr. Esposito:

Enclosed is a copy of the final survey report for your facility in Chicago, Illinois, which is the site of the former ERA Tool & Engineering Company. The survey report documents the fact that the radiological condition of your facility is in compliance with applicable Department of Energy Guidelines and that no remedial action or further investigations are necessary.

If you have any questions regarding the survey results or our associated actions, contact Mr. James Wagoner of my staff at 301-353-2802.

Sincerely,

James J. Fiore, Director  
Division of Facility and Site  
Decommissioning Projects  
Office of Nuclear Energy
